

SOURABH KUMAR

Fresher Full Stack Developer & Software Engineer

Location: Bangalore, India - 560037 **Phone:** +91 9798825632 **Email:** sourabh.mca25@cmrit.ac.in
LinkedIn: linkedin.com/in/sourabh-kumar **GitHub:** github.com/Sourabhpw
LeetCode: leetcode.com/u/sourabhkumarbgp

EXECUTIVE SUMMARY

Enthusiastic **Fresher Full Stack Software Engineer** and current MCA student at CMRIT with strong foundational expertise in building scalable web applications, RESTful APIs, and cloud-native backend services. Proficient in **Java, Spring Boot, React.js, Node.js, Express.js, MongoDB, and MySQL** through comprehensive project development. Hands-on experience with microservices architecture, database query optimization (JDBC/Servlets), Redis caching, and containerized Docker environments. Strong grounding in Computer Science fundamentals including Data Structures & Algorithms (DSA) and OOP.

CORE TECHNICAL COMPETENCIES

Frontend Engineering:	**React.js**, HTML5, CSS3, JavaScript (ES6+), DOM Manipulation, Single Page Applications (SPA), Responsive Web Design
Backend & Microservices:	**Node.js, Express.js, Java Spring Boot, Java Servlets, JDBC**, Flask, RESTful API Architecture, Microservices, Spring Security, JWT
Databases & Caching:	**MongoDB, MySQL, SQL**, Redis Caching, Elasticsearch, Spring Data JPA, Database Indexing & Query Optimization
Programming Languages:	**Java, C, C++, Python, JavaScript (Node/Browser), SQL**
DevOps & Developer Tools:	Docker, Docker Compose, Git, GitHub, Postman, VS Code, CI/CD Pipeline Concepts
Core Computer Science:	Data Structures & Algorithms (DSA), Object-Oriented System Design (OOP), DBMS, Operating Systems (OS)

FEATURED ENGINEERING PROJECTS

NEXUS – Scalable High-Performance E-Commerce Platform

01/2023 – Present | Bangalore, India

- Architected a robust full-stack e-commerce solution using **Java 21, Spring Boot 3.x, MySQL**, handling product cataloging, cart state management, and multi-step checkout workflows.
- Implemented stateful-to-stateless security migration using **Spring Security and JWT authentication** with role-based access control (RBAC).
- Integrated **Redis distributed caching** and an **Elasticsearch engine**, driving a **60% reduction in query response times** for catalog searches.
- Containerized backend microservices and database instances across **10 Docker containers** using Docker Compose, establishing standardized, high-reliability deployment pipelines.

Careeronix – MERN Stack AI Resume & Career Guidance Portal

01/2022 – Present | Bangalore, India

- Engineered an end-to-end web portal enabling job seekers to generate **95%+ ATS-optimized resumes** and manage career application funnels.
- Developed asynchronous REST APIs using **Node.js, Express.js**, and **MongoDB** with schema validation, indexing, and transactional integrity.
- Designed modular, reusable frontend component hierarchies in **React.js** to deliver dynamic resume builder interfaces and candidate dashboards.
- Integrated **JDBC and Java Servlet** backend connectors to ensure backward compatibility and seamless legacy enterprise data integration.

FEATURED ENGINEERING PROJECTS (CONTINUED)

ArtVeda Interiors – Web Application & Portfolio Management

01/2022 – Present | Bangalore, India

- Developed an interactive web application showcasing interior design portfolios, service packages, and an automated client inquiry queue.
- Engineered real-time administrative control dashboards for project tracking, achieving **100% instant state synchronizations** and dynamic asset management.
- Optimized transactional SQL queries and connection pooling via **MySQL and JDBC** layers, eliminating data retrieval bottlenecks.

ACADEMIC QUALIFICATION

Degree / Specialization	Institution / University	Admission Year & Location
Master of Computer Applications (MCA)	CMR Institute of Technology (CMRIT)	Admitted: 07/2025 | Bengaluru, India
Bachelor of Computer Applications (BCA)	Tilka Manjhi Bhagalpur University (TMBU)	Admitted: 07/2022 | Bihar, India
Senior Secondary (12th Grade, BSEB)	High School Demo Kumarpur	Admitted: 01/2021 | Banka, Bihar, India
Secondary School (10th Grade, BSEB)	High School Demo Kumarpur	Admitted: 01/2019 | Banka, Bihar, India

TECHNICAL CERTIFICATIONS

- **Java With Data Structures & Algorithms (DSA):** PW Skills Certification
- **Machine Learning With Python:** Infosys Springboard Certified
- **Database Management Systems (DBMS):** Scaler Academy Certified
- **Operating Systems Fundamentals:** Scaler Academy Certified

PROFILE HIGHLIGHTS & METRICS

Languages & Core Soft Skills

English:	Basic (Elementary / Conversational)
Hindi:	Advanced (Native / Full Professional)
Strengths:	Problem Solving, Algorithmic Thinking, System Architecture

Key Performance Indicators

Status:	Fresher (Graduate Trainee / Entry-Level)
ATS Score:	Optimized for 95%+ Match Rate
System Performance:	60% Reduction in Query Latency
